PUBLICITY WAS URGED BY THE GRAND JURY

"Print List Of All The Claims In Papers" Jurors

After reciting the work done in considering violations of the law the grand jury in its report filed immediately after adjournment last week, says:

C. J. Rambo, an expert who audited the books of the various county officials, employed 75 days in doing so and, in addition had the aid of an assistant who worked 16 days. The expense of the audit was $830.

The books of the county officials are in general, in good condition.

Fees which had been collected by different county officers and which had not been turned in, have been accounted for to the extent of $1800.

New Methods Urged

The existing system of bookkeeping in the auditor's office is obsolete and should be changed, it is stated, this same suggestion was made by the grand jury in 1917, but has not been followed out. A system of accounting should be immediately installed, the report says. The cost of obtaining such a system is estimated at $1000.

Need More Room

The report says the office of the clerk is too small and it is suggested the partition between the clerk's office and that of the superintendent of schools be taken out, provisions being made for an office for the superintendent of schools in some building other than the court house.

Give The Treasurer The Money

Referring to the public administrator's office it is suggested that any money, or other property, coming into the possession of the public administrator be immediately deposited with the county treasurer and not left in the hands of various attorneys, as has been the practice in the past. This plan is outlined, the report says, solely for the protection of the public administrator. It is believed best to have an office provided for the public administrator so all records may be kept therein.

Quarters Not Suitable

Because of the fact women serve on the jury it is urged the jury room be remodeled so as to meet the requirements of women members, as it is, the room is absolutely unfit for the use for which it is now intended.

Publicity Is Urged

The reports says "We note that for some time the board of supervisors have omitted publishing their proceedings in detail, according to law. It is the opinion of this grand jury that the publication of such proceedings is valuable information to the taxpayers of this county and we recommend that such publication hereafter be made.'

Dislike The Transfers

The report also referring to the supervisors says: "We call the attention of the board of supervisors to that paragraph of the expert's report referring to the transfer of money at different times from the county general fund to a special county general fund for each road district."

Not Time To Build

Because building costs are too high

UNDER-HANDED METHOD WAS USED TO GET DRY EVIDENCE

UNUSUAL METHOD RESORTED TO TO ENFORCE FEDERAL PROHIBITION STATUTE

The story reproduced below is taken from The Lakeport Bee and, if it is correct, it certainly indicates a miscarriage of justice has taken place. It is the fact enforcement officers resort to such practices that creates disgust in the minds of fair-minded people and brings the laws of the country into disrespect. Here is what The Bee says took place in Lake county:

John Traverso arrested here a few days ago charged with furnishing wine to Jeff O'Brien, a "stool pigeon" for the officers engaged in rounding up violators of the Wyllie local option law was today sentenced by Judge P. Q. Robinson to a fine of $100 and six months in the county jail, the jail sentence, however, was suspended on good behavior.

How "Evidence" Was Obtained

O'Brien called at the Traverso home begging wine, and when refused repeatedly, it is alleged that he told of a sick wife and that he wanted the stimulant for her. After getting the wine, it is said that O'Brien left three jugs on the Traverso place which was construed by the officers to be payment for the contraband.

Disclaimed All Knowledge

Mrs. Traverso featured at the trial today. When Traverso was accused of bootlegging by the district attorney, Mrs. Traverso stated that if the charge were true, she would not have to "take in" washing in order to meet the family expenses. It was also said that the district attorney charged Traverso with selling liquor to minors, whereupon Rossi, brother-in-law of accused, offered to pay the attorney $100 for every minor produced who had been given liquor by the defendant.

Under the Wyllie law furnishing of liquor, as well as sale ,is forbidden.

GO TO TEXAS

Mr. and Mrs. George Wignall, who have made their home in Ukiah for the past two years, will leave Sunday for their home in Texas.

WILLITS WEATHER WAS VERY COLD LAST WEEK

Willits has been having the coldest spell the valley has experienced—so the oldest inhabitants tell us. The morning of the 19th was the coldest and thermometers registered as low as ten degrees above zero. In one of the Willits garages it is said the radiators on 20 autos which were stored there burst. Our rainfall to this date measured only 16.72 inches and last year it was 44.57 inches at the same date.

Lester Edwin Howell Stricken Suddenly

Lester Edwin Howell, dearly beloved son of Mr. and Mrs. E. D. Howell, of the Ukiah Valley, died Sunday in San Francisco at the Roosevelt hospital where he was taken a short time previous for medical attention. The cause of death was cerebro spinal meningitis brought on by mastoid trouble.

The news of the death of the young man has brought profound sorrow to the community where he was known and loved by a large circle of relatives and friends. He was a student of the Ukiah high school and gave promise of a bright future. The funeral service was held yesterday at 1:30 p. m. from the Baptist church the Rev. Raymond Couch officiating. The pallbearers were chosen from among the schoolmates of the young man. They were Delmer Mitchell, Roy Witherell, Burt Busch, Percy Ornbaum, Eddie Lambert and Merle Iversen. Out of respect to his memory the Ukiah high school was closed yesterday afternoon, the teachers and students attending the funeral service in a body. Lester Howell was born in Ukiah, November 6, 1906 and died in San Francisco, January 29, 1922. He was the only son of Mr. and Mrs. E. D. Howell. Besides the bereaved parents two sisters survive and many other relatives to whom the deepst sympathy is extended in the loss of their loved one.

Moving Picture Treat At Victory Feb. 8-9

Robert Anderson, called "the greatest Dane since Hamlet," supports Dorothy Phillips in the Universal star's success "Once to Every Woman," to be shown at the Victory theatre Wednesday and Thursday, Feb. 8 and 9. Rudolph Valentino, who scored such a success in "The Four Horsemen of the Apocalypse" also plays a star's role in the super-picture.

An entire grand opera was composed, staged and acted for some of the scenes in which Miss Phillips appears as the prima donna on the opening night at the Metropolitan opera house in New York.

LONG BURIED COIN

While digging a ditch on Laurel street for the connection of the Community Building with the sewer, Harold Switzer found a quarter of a dollar piece six feet beneath the surface of the street. It was made in 1885, and had probably been in the ground since the very early days of Fort Bragg.

IT SNOWED THERE

Marshall Bowen, a pioneer resident of the Hemlock section, was a Ukiah visitor yesterday. Mr. Bowen reports considerable snow on the hills near his home.

REDWOOD HIGHWAY PLANS ARE OUTLINED

The North of Bay Counties Association is rapidly completing plans for a campaign to bridge Klamath River at Requa and finish the Redwood Highway, which begins at Sausalito on San Francisco Bay and ends at the Oregon line, where it enters upon the now building highway system of that state.

Money For Publicity

A fund of $6,500 has been pledged for constructive publicity dealing with this project by the seven northern counties of the association which include Marin, Sonoma, Napa, Lake, Mendocino, Humboldt and Del Norte counties. The meeting at which this fund was raised was held in offices of the California Development Association in San Francisco.

A. D. Lee of Crescent-City, vice-president of the North of Bay Counties Association, states that this organization represents a territory larger than seven of the smaller eastern states, with a population of only 160,000 people and an assessed valuation of $160,-000,000 or less.

What Plans Are

"We have the largest volume of undeveloped electrical energy adjacent to seaports in the world," declares Mr. Lee, "and the largest undeveloped timber resources in America.

"We propose to complete the Redwood Highway between Eureka and the Oregon line and to bridge the Klamath so that automobile travel may go from San Francisco to Portland, Oregon, upon a through, smooth boulevard.

"If the highway had been completed this last season 30,000 automobile parties, which went from the southern part of the state to Seattle, would have used it, passing through the finest scenic country in the west.

"The Columbia River Highway put Oregon on the map in four years, and the Redwood Highway would become known nationally in less time than that because California is already well advertised."

FORT BRAGG ANXIOUS TO ORGANIZE BALL LEAGUE

Over at Fort Bragg it is stated plans are being made to organize a county baseball league. It is hoped to have the teams of Ukiah, Willits, Greenwood, Albion, Mendocino and Fort Bragg in the league, and an invitation has been sent to each team manager to appear at a meeting to be held in Fort Bragg February 11, at which meeting ways and means of organizations will be discussed and passed upon.

Firefighters Honor Switchboard Girls

Five telephone operators of Golden, Col., have recently been accorded the unusual honor of being made members of that town's fire department. Two-thirds of the alarms to which the Golden fire apparatus has responded have been given over the telephone and it is in recognition of the efficient services of the switchboard girls that they were made honorary members of the department.

Their connection with the firefighting organization will not, however, be a purely formal matter, for the installation of a new fire alarm system is contemplated by the Golden authorities, which will make the women members integral parts of the active force. In case of fire the telephone operator will set an automatic device going which, in turn, will sound the alarm on a large bell on the fire station.

Goodyear Co. Has Sold Year's Output

An important lumber deal was made on the coast last week whereby the Goodyear Redwood Co. of Greenwood has agreed to sell its entire lumber output to the Redwood Manufacturing Co. of Pittsburg, Cal., for a term of years. The Redwood Manufacturing Co. is a branch of the Caspar Lumber Co. The entire cut of the Greenwood plant, including clear lumber as small as three feet in length, will be shipped to Pittsburg, Cal., where it will be air dried and re-worked into pipes, doors, caskets and other finished products. The Goodyear Redwood Company's annual cut is said to be worth over $1,000,000.

UKIAH TEAM DEFEATED UPPER LAKE HIGH SCHOOL

Last Friday night at Legion hall the Ukiah high school basketball team won over the Upper Lake players by a 35 to 23 score. The girls from the Ukiah school defeated the Potter valley girls badly—32 to 4. A fair crowd attended the contest. Ukiah will play the winner of the coast section struggle for the championship later on.

ILL AT SANTA ROSA

Mrs. R. M. English a former Mendocino county resident, is critically ill at a Santa Rosa hospital. Mrs. English has recently been living in the Imperial valley but came to Santa Rosa to be near her sister, Mrs. J. M. Roberts.

ECHO OF THE LONG AGO IS FOUND IN AN UNOPENED BOX

STORY OF HAPPENINGS OF 34 YEARS PAST SEEN IN UKIAH NEWSPAPER

One of the small compartments in the safe belonging to The Republican Press owner had been locked for years and the key had long been lost. The other day George David was called in and Mr. David made a key for the lock. Upon opening the compartment a number of articles belonging to the late Orville White were found and mong some papers was discovered a small newspaper—The Daily Evening Item, published at Ukiah, November 24, 1888 by Mrs. Anna Pope.

Echoes Of The Past

Queer things were found in the four pages. For instance George W. Gibson advertised saddles—"No cheap materials are used in our stock," the advertisement read and, it continued "Only home productions are offered."

C. Hofman carried a large ad which told of Christmas bargains and how "Honest dealing is the basis of our Popularity."

E. S. Ames & Co. carried an ad and in it there was peculiar looking cut of a shoe, much out of the style now seen.

The San Francisco Chronicle was offered for $6.70 a year, including the Sunday issue.

Was Good Paper Then

The editor adhered to truth then, as, now, as is indicated by a statement found in The Item, which said The Press is the best newspaper in Mendocino county.

A Sacramento store was advertising corsets at 42 cents.

Long Ago Thespians

The night following the issue of The Item amateur theatricals held the boards. The "Two Orphans" was

STRANGE MALADY ATTACKS UKIAH CHILDREN

One Death And Five Capital Operations Up To Now

A number of Ukiah children have been attacked. during the past week with ear trouble. In several cases the complaint has developed into mastoid complications which necessitated a capital operation and the children were taken to San Francisco specialists.

The first victim was La Belle Scott, the young daughter of Mr. and Mrs. A. D. Scott. She was taken to San Francisco Wednesday morning and operated on that afternoon. Reports from her bedside continue encouraging. On Thursday afternoon, Dorothy, the small daughter of Mr. and Mrs. Wesley Ford was taken to San Francisco suffering from the same malady. Her condition was so serious as to merit an immediate operation which took place that night. She is in a state of recuperation at the present time.

Since that time three more patients have been taken to San Francisco including Lester Edwin Howell who succumbed to the dread-disease, Julia Kunzler whose case did not require an operation and Mrs. M. A. Downing who went to San Francisco Monday afternoon. Clair Elledge has also been suffering from ear trouble but to a lesser extent than the other patients.

May Be Epidemic

Dr. L. K. Van Allen, city physician is inclined to the belief the diesase is in an epidemic form.

L. B. PAYNE HAS SOLD HIS FINE UKIAH PLACE

L. B. Payne has sold his small ranch at 1215 West Standley street to Jacob Gewehr. This is one of the best places that have been sold in this county for some time. It is well set to fruits and nuts of the highest class and is just coming into full bearing. Mr. Payne will move in 30 days, but will remain in Ukiah for the present and will go camping this summer. Mr. Gewehr came to this county about a year ago and bought a ranch south of town, but sold last spring and went East and is one of the many who are glad to get back to Ukiah and say it is good enough for him to live.

FOR DISTRICT ATTORNEY

My candidacy for a full term as your district attorney is hereby announced.

On September 14th of last year I was appointed by a unanimous vote of all five members of the board of supervisors of this county, to succeed my predecessor in this office. Since that time I have worked hard and conscientiously to perform the duties pertaining thereto in a creditable manner. This I shall continue to do; and it is my hope, that by election day my record will be such that you will have no fair or just cause to discharge me.

Respectfully submitted,
LILBURN GIBSON,
District Attorney.

Mrs. Josephine Mathews left this week for Los Angeles where she will pass two months visiting relatives.

MENDOCINO COUNTY FARM NEWS

HOPEFUL OUTLOOK MADE AT CAPITOL

When asked for a statement on the prospects of the farmer in 1922, Secretary of Agriculture Wallace said no man whose opinion is worth considering would care to make any hard and fast prophecies. He added, however, that there are signs which indicate that the coming year should be a better one for the farmer and for those who deal with him than was 1921.

What Looks Good

Among hopeful signs he mentioned the following:

Credit conditions are better both through regular channels and through the special agencies created to meet the farmer's needs. Interest rates also are softening.

Reductions already made in freight rates on farm products lighten by that much the transportation burden which the farmer has been carrying.

Cost of producing farm crops will be lower relatively in 1922 than in 1921.

Very likely there will be a reduction in the acreage of some of the grains of which we now have such a large surplus, and this should tend toward better prices.

Bad Results Softening

The paralyzing effect of the sudden drop in prices last year is wearing off, and farmers will enter a new year more hopefully, believing that the worst is over.

Congress has indicated a willingness to enact such legislation as promises to be helpful.

Farmers are coming to see more clearly that the task of putting farming on a sound business basis is really up to them and that through organization they can reduce marketing costs. In this they will have increasing help from the Department of Agriculture and the various State agricultural colleges which now see better than before that they must give the farmer the same sort of help in the marketing of his crops that they have been giving him in the production.

In the industrial and financial centers there is coming to be a better understanding of the important part the farmer plays in our general economic scheme, and consequently a decidedly more intelligent and sympathetic attitude toward him and his problems.

May Mean More Buying

With prices of farm products falling and the future very uncertain, even those farmers who had money laid by—and there are a large number of such—have been restricting their buying to what they had to have. Now with the growing belief that prices have hit bottom, buying will be resumed and should increase in volume, and manufacturers and retailers who make or sell things that farmers need or want should have better business this coming year.

Everything considered, therefore, we can enter the new year in a spirit of hopefulness and good cheer, I see nothing which indicates boom times for the farmer in the near future, but there does seem to be promise of better times both for the farmer and for those whose business is largely dependent upon him.

PRESS ADVERTISING HAS VALUE, SAYS AGT. MOFFITT

In bringing in a change of ad for the Farm Bureau Exchange this week Marketing Agent Moffitt said: "I never did any advertising anywhere that brought me the results the advertisement The Mendocino County Farm Bureau Marketing Exchange does. Now, look at this copy, since I advertised the list of farm items for sale last time, six of the offerings have been disposed of. There is no question but that advertising in The Republican Press pays handsomely."

HOW CORN CROP HAS BEEN SAVED

Down in Nebraska where they have more corn than they know what to do with the Lincoln Crib proposes to store away some of the surplus which corn growers are finding so burdensome. This crib, started by the Lincoln Chamber of Commerce, was so successful that other cornbelt organizations are considering similar cribs.

How They Did It

Instead of being a huge storeage house for corn this is an organization of about half a thousand men and women who call themselves the Corn Eaters of America. The purpose of the organization which is making rapid growth is to direct attention to the value and economy of corn and its products as food and to help reduce the surplus of this grain. The only failure in connection with the organization of the Lincoln Crib, according to the Chamber of Commerce, was that there was no banquet room in the city large enough to accommodate the hundreds who wanted to join as charter members.

What Corn Makes

With the help of United States Department of Agriculture food bulletins and circulars an exclusive corn menu was planned. The first course consisted of cream of corn au gratin. Corncake tobacco smoked in corncob pipes substituted for Havanas at the end of the dinner and in between were courses of cornfed Nebraska pork loins, corn saute (hominy) with green peppers, corn on cob, corn bread, corn salad with pimentos, cornstarch pudding, corn cookies and corn candy.

The critical corn situation was depicted by a play in which King Corn, too feeble to support himself, figured as the chief character. With him sat Queen Minnie Wheat. Characters which depicted the plight of the corn grower were Hard Times, Hi Taxes, Idle Labor and Speculation, but they finally were crowded from the stage by High Prices and Prosperity. A proclamation was issued by the High Chancellor calling upon all subjects of the King to eat corn once a day.

To Eat More Corn

Members of the Lincoln Crib, appreciating the splendid corn preparations which had been served them at the banquet, pledged themselves to eat more corn and corn-fed meat and to encourage others to do so. The menu of corn foods combined with the play got the message across in a big way with the result that many other cities have requested corn eaters' cribs in other cities of the state and of adjoining states. Possibly this "crib" helps account for the large number of requests coming from that section for Government bulletins on different ways of serving this valuable and economical food in such tasty preparations.

THE PRESS FOLLOWS THEM WHILE AWAY FROM UKIAH

It would surprise the average person to know with what steadfastness The Press family read their newspaper. Every month scores of people who go away for a visit ask their paper to be sent to them while absent and, if one should go estray, a letter comes asking for the missing copy. This is as it should be and The Republican Press is always very glad to supply the papers and to see that each issue is gotten on time to subscribers. Captain and Mrs. Zachery, who have been in New England throughout the winter have had their copy of The Press weekly and Monday there came to The Press the following note:

Melrose Highlands, Mass.,

You will please discontinue our paper here as we leave New York for California, via New Orleans Jan. 28th. Many thanks. We sure enjoyed the news from our "Old Home Town"—no place like Ukiah. With kind regards.

Sincerely,

Captain Zachary is a veteran sea captain. For a great many years he was a navigator and during the world war he piloted boats through the submarine zone several times. Desiring to retire from sea life Captain and Mrs. Zachary came to Ukiah, purchased a home and are living a delightful life here.

A HOP CONTRACT WAS MADE IN SANTA ROSA

It was learned in hop circles at Santa Rosa the first contract for the coming season and two additional years had been made. The terms of the three-year contract could not be ascertained, as the dealer making the contract while admitting such a contract had been secured, refused to divulge the price or amount of hops contracted. It was also learned that there had been a little inquiry during the past few days, but no business has been done. One dealer vouchsafed the information he expected to see more inquiries concerning hops about February first. Other dealers were not so hopeful, and would not even venture a prediction as to the future.

Uncle John's Poem

LITTLE THINGS COUNT

THE ordinary country town can not expect to present a fine appearance as the result of having many costly edifices. It may have some handsome buildings, but it usually cannot invest any great amount in expensive architecture and building materials. It has to acquire a pleasing appearance in other ways largely by a scrupulous care of its business buildings, homes and streets, with the patient effort to beautify the same.

Property that is kept in perfect repair has a finish and trimness about it that counts more than costly architecture. You see many towns where a great deal has been spent on ornate and elaborate buildings, but where the streets are not kept clean, and where many people still tolerate disorderly conditions. A place like that looks far inferior to many simple built country towns which are carefully maintained.

The physical appearance of a town has much to do with its business success and progress. People are not attracted to a disorderly town. It looks like the kind of a place where inefficiency is the rule. Visitors have the feeling that that spirit would prevail in the stores in their dealings with the public. But a town whose business and home buildings are kept in good repair and well painted, looks like a winner. People feel that the same spirit of order and system and enterprise must make it a good place to do business in.

The people of Ukiah have on the whole kept a very orderly looking community. But there are some folks everywhere whose instinct is to slip along as easily as possible. They realize that their real estate is getting to look a little run down, but there motto is "Never do today what you can put off until tomorrow."

Every time anyone gets out and straightens up a leaning fence, or repairs some tumble-down building, or paints a house that is getting to look shabby, he helps his home town take a step toward progress. His desire for improvement spurs on his indifferent neighbors, and soon the whole street begins to have a new air of altertness and success.

READING THE ADS

TWO Mesa women were discussing newspaper advertising. "When I turn to the advertising columns in The Tribune," said Mrs. A., "I read them just as carefully as I would a description of some place where by diligent searching I might find a sum of money—the cold cash. Furthermore, I am not guided by what I read at the moment. If I see something offered at a price which I know means money saving, I go to that store with the purpose of buying it and putting it away until my present stock of it is worn out or exhausted. A good bargain is a good bargain any time. I buy ahead when the saving warrants it."

Mrs. B. confessed that she was not so forward-looking. "My reading of the ads," she said, "is for the purpose of finding where I can get with the greatest economy what I need right now. Somehow I have a feeling that a merchant is always trying to sell me something whether I want it or not. I always make up my mind to buy only what I need and not to yield to the blandishments of the bulletins about bargains. I read and shop for the day only," says the Mesa, Ariz., Tribune.

In effect Mrs. B. regarded advertisements as temptations. Mrs. A. looked upon them as opportunities. Of the two, Mrs. A. is the more efficient housekeeper. Her use of the ads is the same that the manager of any big business makes of his knowledge and information concerning conditions that may or will effect his undertakings in the future. She makes her money go further than Mrs. B. possibly can.

Mrs. A. advanced another shrewd observation: "The merchant who appeals oftenest to my desire to shop for the future, is the man who runs the best store and offers the best goods. He is availing himself of two markets—today's and the future's. If he has sense enough to do that, he has ability to run his store on the best lines. I favor the merchant who advertises the oftenest with the greatest regularity and in the greatest detail. From my reading of advertisements I know enough about them to understand that the store which puts out sloppy ads or which advertises at irregular intervals in a hit-or-miss way, is the store most apt to give me hit-or-miss goods."

Saved By Grace

I used to greet a sunny morn with mutterin's of dread,—I viewed the buddin' rose with scorn, and sadly shook my head. "I've had experience," sez I, "with weather in the past; I never trust an azure sky—this ain't a-goin' to last!"

And sure enough, she wouldn't last no more'n a dozen days. . . . She blew up cold, an' busted loose, an' slammed us forty ways. . . . She rained, incessant, till the crick was filled to overflow,—an' I responded mighty quick, an' said "I told ye so."

The neighbors kep' their eye on me, an' seemed to think it strange, —no matter what the weather'd be, I'd prophesy a change! Nobody seemed to bother much with how the weather went,—but I would growl to beat the Dutch, an' foam with discontent!

But I have underwent reform—I make no more complaint. . . . I dote on weather when she's warm, and praise her when she ain't. . . . I adore her if she's wetter, and encore her when she's dry,—and the neighbors like me better, sense I've ceased to prophesy!

The House of Memories

From The Pall Mall Gazette (1907)

There's a little house in a little street,
A little way from the sea,
And oh, when I'm weary of all the world,
It's there that I fain would be.

For the world is full of sorrow and care,
And the darkness lies before,
And the little house is full of the dreams
That were ours, but are ours no more.

In the little street, in the long ago,
In the little house by the sea,
We dreamed of the days that have had no dawn
Of the years that shall never be.

But you were young and I was young,
And we dreamed and had no care;
And dearer and better than life has been
Were the dreams that came to us there.

And so when I'm weary of all the world,
Of its sordid hopes and its pain,
I think of the little house that was ours,
And sigh to be there again.

'Twere heaven enough if we found our dreams,
And dreamed them again, maybe,
In the little house, in the little street,
A little way from the sea.

* * *

Be pleasant to the stranger within your gates. Lots of times that is one of the best investments you ever made.

Just think what a boom a town would take if everybody in it made it pleasant for every stranger who showed up.

The trouble is that so many folks grow careless in this as in lots of other things that ought to be looked after.

This is a mighty good time to start a new policy in the town-building game by never saying anything about your town unless it is something good.

This will work in neighborhoods just as well as in towns, and your neighbor will return the compliment.

Besides that, you feel mean after you have done a mean trick whether it is saying mean things about somebody or otherwise. So why not keep pleasant and do good all the time when it is so easy?

Try the Sunshine route awhile, then. The tax is off now and there is plenty of room aboard.

John Burgess Is After Justiceship

John Burgess is to be a candidate for justice of the peace, having made up his mind to run after he had been importuned by a large number of taxpayers. If Mr. Burgess is elected he will undoubtedly make a very excellent official. By nature he is one of the fairest of men. he is possessed of an unusual amount of sound common sense and in addition is a hard worker. His decisions will leave little room for complaint when made.

"They Don't Answer"

When the telephone operator says, "They don't answer," it is after a sincere endeavor to get your party. She cannot compel an answer.

The party called may be unwilling to leave a particular household duty—may be in another part of the home beyond closed doors—may be chatting with a neighbor—may be marketing—may be slow in answering. Strange, but true, calls are sometimes designedly unanswered.

Telephone records show that the great majority of "don't answer" reports come from residence calls. In business, where it is a matter of dollars and cents, it is always the assigned duty of some one to be within sound of the telephone bell.

"They don't answer" is the statement of a situation absolutely beyond the control of the telephone operator.

Society and Club Gossip

Club Merger Is Plan Of Club Women

AT an enthusiastic meeting in Willits Friday afternoon the Mendocino County Federation of Women's Clubs was formed. About one hundred club women were present at the organization meeting. They were representatives of five of the federated clubs of the county—the Mendocino Study Club, The Sorosis Club, of Fort Bragg, the Willits Improvement Club, the Saturday Afternoon Club and the Kosmos Club, both of Ukiah. The organization was formed following a luncheon served by the Willits Improvement Club, whose members were hostesses to the county clubs. The luncheon was served in the I. O. O. F. hall. Mrs. Tenney, of Watsonville, president of the San Francisco District of the California Federation of Women's Clubs was an honored guest and presided at the meeting following the luncheon. Mrs. W. D. L. Held of the Saturday Afternoon Club was chosen temporary secretary. The first business of the meeting was to elect officers and a committee, including presidents and delegates from the five clubs represented, was appointed to nominate officers. While the committee was in retirement an informal discussion was held and it was brought out that Mendocino county is the twelfth county in the fourteen in the San Francisco district, to federate. The result of the balloting of the nominating committee resulted in the following officers being elected:

Mrs. Alice Baker, of Willits, president; Mrs. Ina Ball, of Fort Bragg, 1st vice-president; Mrs. L. H. Foster, of Ukiah, 2nd vice-president; Mrs. Emma Thompson, of Willits, secretary and treasurer; Mrs. F. E. Rea, of Ukiah, corresponding secretary; Mrs. W. H. Higgins, of Mendocino, Federation secretary; Mrs. A. J. Fairbanks, of Willits, Mrs. J. L. Brown of Ukiah, Mrs. Will Coombs of Mendocino, committee on by-laws. The new organization will meet twice yearly, the first meeting to be held in Ukiah in April. Plans of work suggested at Friday's meeting include a campaign for a county juvenile detention home and a county free library, a circulating library of music for the rural schools and a participation in the "better film" movement of the California Federation of Women's Clubs. Accomplishment of any of these purposes will give the county federation a dignified and assured place in the affair of the county and those sponsoring the organization are deserving of the heartiest support. Among the Ukiah club women who attended the Willits meeting were Mesdames G. W. Stout, I. M. Brazier, F. E. Rea, George E. Jamison, W. D. L. Held, J. J. Thomas, J L. Brown, L. H. Foster, Chester Cox, Harriet Deering, Frank Wegner, W. S. Van Dyke, C. D. Atkinson.

CIVIC PROGRAM

Civics will be the keynote of the program of the Saturday Afternoon Club at its regular meeting Saturday afternoon at the club rooms. The meeting will be called promptly at two o'clock by Mrs. G. W. Stout, president. The program will be presented by Mrs. J. J. Thomas, civic chairman and Brice W. Hoskins, secretary of the Chamber of Commerce, will be one of the speakers. Mrs. P. B. Westerman will address the club on the subject of a county free library. The latter question is at present claiming the attenton of the club, which will make an effort to have a county free library established in Mendocino county which is one of the few counties in the state without the service. Mrs. I. M. Brazier, Miss Perry, Miss Conrad and Miss Clow will receive the club members and their guests and preside at the tea service following.

SCHOOL NEEDS APPARENT TO ALL OF US

By MARIE HINTON REA

It is human nature to say as little as possible of the things of which we are ashamed. Pride forbids us to mention this or that shortcoming and the world respects us for our attitude. It is in line with our great American traditions that we have no patience and little respect for the person who will not take the defensive for his own against all comers but just at this time there are too many of us whose ears are almost worn out listening for the community (in the popular vernacular of the day) to "say it with schools."

Public construction is the remedy for most of the civic ills and municipalities should extend their schools to the fullest extent compatible with circumstances. That the United States recognizes this and that the existing circumstances are favorble is shown in the fact over $700,000,000 of municipal bonds, the largest in history, were sold in 1921. Now let us get at some rather unpleasant truths as regards our present school plant. We cannot be blind to the fact the educational facilities of our children are sadly out of gear. We may grin over this situation, but we do not need to bear it. The longer we wait, as a community, for good schools the worse off we will be. Every one in the community knows this but some are trying hard not to see it. They insist upon fooling themselves while the outside homeseeker, whose capital invested here would help to pay off the bond indebtedness, goes where his children will receive their rightful heritage, a good education.

With every parent in the school district upbraiding whoever is responsible for the miserable school conditions with the lives of our children constantly endangered from fire, with practically every avenue of progress shut off by our present school plant can we do otherwise than go to the polls and "say it with schools" worthy of the name.

MACCABEES INSTALL

In honor of he annual installation of the Maccabees a luncheon was served Thursday at 1 o'clock in the I. O. O. F. hall. Covers were laid for thirty-five at a handsomely appointed table with pussy willows as the central decoration. The occasion also marked an initiatory service, four candidates receiving the degree. Owing to the duties of initiation which she performed, Mrs. J. R. Jameson, past commander, turned the office of installing officer over to Mrs. Fred Smith. Luncheon arrangements were in the hands of Mrs. Smith assisted by Mrs. Ledeboer, Mrs. Luisa McCorquodale, Mrs. Hazel Berryhill, Mrs. Amstein. Mrs. Bert Rains is the new commander of the order.

Airs From Carmen Provided

MUSIC was exploited Tuesday evening when Cultus Club members a d several guests met at the Robherd Thomas home for an interesting program presented by the music section of the club. The opera "Carmen" was the theme of the talented participants. The opera was reviewed by Miss Marguerite Connolly. Piano and vocal selections followed the story. Those who appeared in these were Miss Elizabeth Hodges who sang "Hadaner," with Mrs. Preston at the piano; Mesdames Robherd Thomas and H. L. Preston who played the overture from Carmen in a piano duet; Miss Mariza Clow, who played the Carmen Fantasy and Mrs. Preston who played "The Toreador Song." The ladies are all gifted musicians who have made valuable contributions to many local programs and they delighted the enthusiastic audience with their interpretations from the popular opera. Mrs. H. L. Preston was in charge of the program presented. Roll call responses were on the subject of modern composers. The Thomas home was decorated in pussy willows artistically arranged. The evening was concluded by a two-course refreshment service at specially appointed small tables. Guests of the club included Mrs. T. F. Towle, Mrs. Graves, Miss Hodges, Miss Helen Courtright, Miss Amber Vestal. The club will meet Tuesday evening, February 7 at the home of Mrs. H. L. Preston with Mrs. E. SUPPER AND BRIDGE

Mr. and Mrs. F. M. Wilson were hosts at a jolly supper and bridge party Wednesday evening at their charming home in Henry street. The guests were summoned informally following the visit of Mr. and Mrs. Wilson to Albion where they were successful in catching some fine crabs. The luscious shell fish were served at the supper which was preceded by several hours at the bridge tables, the score favors for which were won by Mrs. E. B. Gibson and F. H. Barker. Dancing followed the supper, the guests lingering until a late hour under the charming hospitality of the Wilson home. Those who were bidden to enjoy the affair were Mr. and Mrs. M. H. SUMMER EUROPEAN TOUR

Rev. J. W. Lundy, pastor of Howard Presbyterian Church, Oak and Baker streets, San Francisco, well known in Central and Northern California as an organizer and conductor of European parties, is now organizing another party for the coming summer vacation.

The company of thirty people which he took through Europe last summer had a memorable and most enjoyable trip, and never did a company of tourists return home more enthusiastic and delighted over their experiences than the members of that party... The itinerary for the coming season includes the principal cities of the following countries: France, Italy, Switzerland, Germany, Holland, Belgium, England, Scotland and Ireland.

A visit to the battlefields of the war, and to Orberammergau to witness a performance of the far-famed Passion Play, will be special features of the trip this coming summer.

The business management of the party will be in the hands of the Travel Department of the American Express Co... This arrangement gives to the members of the party an absolute guarantee of protection against loss or embarrassment on the trip the positive assurance that they will be properly taken care of, and that all provisions of the itinerary will be carried out regardless of the unexpected illness, financial embarassment or other mishap that might befall the individual organizer and leader. The cost of the trip will be much less than last year, owing to the reduction of rail rates on the Continent, and the contemplated reduction in steamship rates for the Atlantic.

The itinerary, giving all the details of the trip, and all the necessary information in regard to baggage, passports, steamer reservations, price and conditions of membership, is now in printed form and Mr. Lundy will be glad to mail copies to all who are contemplating a European trip.

We understand that a few copies can be secured by applying at the local office of the Express Company.

S. navy for speed and accuracy in pointing and firing the big turret guns. The three young men each received a prize of ten dollars and also special words of commendation from the Captain of the flagship.

BRUTAL MURDERER'S FEET BOTHERING HIM

E. H. De Vaul was indicted this week for the killing of Edward Close near Willits. The two men quarreled and struggled and Mr. Close threw Mr. De Vaul to the ground and was holding him. The daughter of Mr. De Vaul pleaded with Mr. Close to allow her father to get up and Mr. Close allowed him to do so. Getting to his feet Mr. De Vaul walked eight of 10 feet from his victim and then, drawing a 32 caliber automatic revolver from his pocket, shot his victim.

Inhuman Treatment Administered

When the wounded man fell to the floor Mr. De Vaul kicked the fallen man unmercifully. The dying man pleaded to be allowed to die without being kicked, but Mr. De Vaul continued to abuse him. For days after the killing Mr. De Vaul's feet were so sore from the kicking he administered his victim he could scarcely walk.

A Trying Moment!!

That Helpless Feeling

Don't let folks tell you that your car WON'T burn up.

True—not one out of a hundred cars do burn up—if they did we couldn't afford to insure yours—the rate would be prohibitive.

Motor insurance is the cheapest insurance written—considering the nature of the risk—and that is just another argument as to why you should insure that car before driving another mile.

FIRE—THEFT—LIABILITY—and PROPERTY DAMAGE—maybe you don't want to be covered on all, but you can at least let us explain the best combination for you to carry.

School Notes

Two weeks ago our high school played two games with Fort Bragg high school at the Legion hall. There was a large crowd of rooters who cheered our players on to victory. The girls put up a good fight but were defeated by a score of 11 to 6. The line up was as follows: Juanita Gowell, Verna Moffitt, Bonnie Sloper, Irene Wegner, Leona Layman, Ella Moore and Helen Thomas, sub. The referees were Mr. Godward of Fort Bragg and Mr. Poole of Ukiah.

Our boys played up to their usual standard and defeated the visitors with a score of 41 to 16. Special credit must be given to Fred Orr who rarely failed to make a basket when once he had the ball in his hands. We could see no weak spot in any of the plays and expect our team to bring home the League pennant at the end of the season. The line up was as follows: Fred Orr, Leonard Connolly, Sam McClellan, Milton Hildreth, Floyd Moffitt and Porter Smith, sub.

We are glad to say that we more than made expenses due to the loyal support of the friends of the high school. We believe that the spectators got their money's worth and hope that at the next game as many will come out.

Last Friday night our team went to Willits to play the first game of the championship series. Quite a number of rooters went along.

Last Wednesday at the regular Student Body meeting we voted to have our high school represented at the Humboldt county track meet in May. It is to be held at Arcata. We hope our delegates will bring back the three cups offered, as Ukiah usually does well in the meets held in the league.

Friday night our boys' and girls' basket ball teams went to Willits to play the first game of the championship series. The honors were divided as our boys brought home a victory of 31 to 17 while our girls went down to defeat, 4 to 15. Many rooters went up and all showed much enthusiasm and school spirit.

The Seniors had a party Saturday night at the I. O. O. F. hall. The girls were dressed as small children while the boys wore hard time costumes. Joy Van Allen was chairman of the program committee. Children's games were played throughout the evening. Music was furnished by James Mannon who played the saxophone accompanied by Mary Gantz at the piano. They sounded like regular professionals. Simple refreshments were served: all-day-suckers, ice cream cones and sandwiches. The faculty were guests of the evening and most of them "dressed" for the occasion. Everyone pronounced it a success and are already talking about "the next one."

A week ago Saturday night the basket ball teams from Fort Bragg high school came over and we had two exciting games at the Legion hall. Afterward the visitors were taken to our high school and given a "feed" in the sewing room. Our girls who were on the team and who are also members of the cooking class prepared the refreshments under the direction of Miss Conrad. Mr. Chessall was toastmaster and there were several good speeches made.

A. C. McKenzie went to San Francisco Friday and returned Sunday evening.

BOTH PLEASED WITH A TEST OF PRESS RESULTS

Dr. J. F. McClure wanted to sell some of his household goods and placed an advertisement for three issues in The Republican Press. The first ad sold all of the goods. Now Dr. McClure has decided to get rid of more household articles and is advertising again.

Mrs. S. Tryon had a house to rent and paid for three weeks' advertising. Monday morning after the ad had appeared once, Mrs. Tryon came to The Press office. She had rented the premises and turned away a score of applicants. Results are what keep The Press classified columns growing each week.

PIONEER LADY DIED

Mrs. Ellen Carmichael, a pioneer of Mendocino county, died at the family home near Orr's Hot Springs late Monday afternoon. The body was brought to this city and interment will probably take place tomorrow. The funeral service will be held at St. Mary's Catholic church. Mrs. Carmichael leaves a husband and a large family to mourn her passing.

ECHO OF

being presented at Reed's Hall. Admission was to be 25 and 50 cents and the actresses and actors of that long ago day included: Wm. McCray, James Jamison, Fred Van Allen, Joseph Hunter, M. M. Carothers, Jos. H. Lando, Jas. Hunter, L. W. Babcock, Mrs. J. H. Barker, Miss Hattie Stanfield, Miss Clothilde Cerf, Miss Etta Miller, Miss Julia Menke, Miss Hattie Ballinger, Miss Ella Clason.

Ukiah then had a cigar factory and Paul Baier was making cigars.

Smith & Gibson were in the butcher business and had a shop north of The Palace Hotel.

Can't Get It Now

A ranch containing 333 acres, mostly under cultivation in the Ukiah valley, with $8,000 improvements, was being offered for $9,000.

Mrs. Anna Porterfield announced the opening of the Normal department of the Commercial College. The terms were $5.00 a month, penmanship was $2 additional.

It was a day of barter and trade then. The editor of the paper said he would accept wood from 10 subscribers in lieu of cash for the paper.

Ancient Methods Recalled

There is a letter from Point Arena which says "The saloons here all worked for Standley, republicans and democrats alike, and his money won the fight."

They had a bad epidemic of measles at Point Arena.

Gloated Over Victory

Dennis Kearney, the San Francisco sand-lotter, evidently spoke in Mendocino county for the Democrats, as a paragraph gloats over the defeat of Grover Cleveland and says Kearney made some of his characteristic harangues and made votes for the republicans.

Stage Was Robbed

They evidently had a stage robbery here about the time the paper came out, as there is found a story stating Constable Carothers and Deputy Sheriff Jamison arrested a man named Alkanah Whitcomb, of Redwood Valley in connection with the alleged robbery.

Thompson & Tadlock were bidding for the cash grocery trade in the advertisement they carried.

Hofman's was offering ladies gossamers at 50 cents each.

Came To Stay

A. F. Cahoon was teaching the cornet and stringed instruments and, it is related, "he is permanently located at The Palace Hotel."

Sam Paxton rushed into public life. He filed his official bond as clerk and auditor in less than three hours.

Sought The Job

There was a scramble on for the postmastership, Eli Wells, G. W. Critchfield and Carl Purdy all had their ears to the ground.

The name of Byrnes was a bad sounding one to evil-doers in those forgotten days, as it is set forth "Constable Byrnes had just arrested a man named C. H. Jordan on a burglary charge at Greenwood."

Laughed At Alarm

There evidently was some joking going on over the stage robbery, as the editor in relating the recent killing of a panther said "Frankie White was exhibiting the paw of a panther he had killed and which he says measures something like 11 feet, he probably measured it as it first appeared to him," and then there came this "It's a good deal like Sam Haskett's story of the size of the gun the stage robber had."

Bid For Business

Ed. J. Livernash that day hung out his shingle as a lawyer and The Item says he can be found in the Heger building.

GREATLY BENEFITED

Ben Barnett, who sustained a serious injury to one of his eyes in an automobile accident near Hopland some weeks ago and who, for a time it was feared might lose the sight of one eye, is back from the city where under the care of a specialist his injuries have been so well cared for he now enjoys almost his old-time eyesight and eventually will.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffing, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

PUBLICITY WAS

at present and believing the construction costs will drop later on, the jury believes it best to not, at this time, suggest additional county buildings, or to plead for a special place for housing women prisoners.

Infirmary Is Praised

A special committee examined the offices of the various officials and the county infirmary and reported they found them in excellent condition. The infirmary, in particular, is praised because of the fact it was found to be operated in a more economical and efficient manner than is found in any other county in the state, where data used in comparison was referred to.

Six indictments were returned, three for felony and three for misdemeanor.

ARE TO PAVE

Highway Between Here And Willits Will Be Hard-Surfaced During The Coming Summer

The state highway between Forsythe creek, just this side of Calpella, and Outlet, three miles north of Willits, will be paved this year. The bids are now being advertised for and will be opened this month. Two kinds of bids are called for, one for asphaltic macadam and the other of Portland concrete. The successful bidder will have 300 days in which to complete the contract but it is not thought that it will take that long and the Commission fully expects to have the job completed before the first of January, 1923. While the pavement is being laid the road will have to be closed and it will cause considerable inconvenience, but wherever possible detours will be made and for most of the way this can be very easily done. Some arrangement will have to be made by the town of Willits for building the connecting link through the corporate limits and this should be attended to at once.

FARMERS WISHING PICRIC ACID SHOULD GET ACTIVE

The marketing exchange is trying to get enough orders together to warrant sending for a second carload of picric acid. Thirteen tons are needed to make up a carload. The picric acid can be delivered here at 13 cents, if a carload is ordered. Orders should be arranged immediately at the Farm Bureau offices, Ukiah.

NOTICE TO VOTERS

I have been urged by my friends throughout the county to run for the office of county recorder. I am qualified to fill the duties of this office, having served the public for the past seven years in the Fort Bragg postoffice, also serving Uncle Sam two years in the World war. I hope to be able to call on every voter in the county and place my cause before them.
